

**Introduction:**

**LEA:** Oroville Union High School District    **Contact (Name, Title, Email, Phone Number):** Dr. Corey Willenberg- (530)538-2300 ext. 1107

**LCAP Year: 2016-17**

***Local Control and Accountability Plan and Annual Update***

*The Local Control and Accountability Plan (LCAP) and Annual Update Template shall be used to provide details regarding local educational agencies' (LEAs) actions and expenditures to support pupil outcomes and overall performance pursuant to Education Code sections 52060, 52066, 47605, 47605.5, and 47606.5. The LCAP and Annual Update Template must be completed by all LEAs each year.*

*For school districts, pursuant to Education Code section 52060, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities and any locally identified priorities.*

*For county offices of education, pursuant to Education Code section 52066, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, who are funded through the county office of education Local Control Funding Formula as identified in Education Code section 2574 (pupils attending juvenile court schools, on probation or parole, or mandatorily expelled) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services provided to pupils funded by a school district but attending county-operated schools and programs, including special education programs.*

*Charter schools, pursuant to Education Code sections 47605, 47605.5, and 47606.5, must describe goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities as applicable and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code.*

*The LCAP is intended to be a comprehensive planning tool. Accordingly, in developing goals, specific actions, and expenditures, LEAs should carefully consider how to reflect the services and related expenses for their basic instructional program in relationship to the state priorities. LEAs may reference and describe actions and expenditures in other plans and funded by a variety of other fund sources when detailing goals, actions, and expenditures related to the state and local priorities. LCAPs must be consistent with school plans submitted pursuant to Education Code section 64001. The information contained in the LCAP, or annual update, may be supplemented by information contained in other plans*

*(including the LEA plan pursuant to Section 1112 of Subpart 1 of Part A of Title I of Public Law 107-110) that are incorporated or referenced as relevant in this document.*

*For each section of the template, LEAs shall comply with instructions and should use the guiding questions as prompts (but not limits) for completing the information as required by statute. Guiding questions do not require separate narrative responses. However, the narrative response and goals and actions should demonstrate each guiding question was considered during the development of the plan. Data referenced in the LCAP must be consistent with the school accountability report card where appropriate. LEAs may resize pages or attach additional pages as necessary to facilitate completion of the LCAP.*

### **State Priorities**

*The state priorities listed in Education Code sections 52060 and 52066 can be categorized as specified below for planning purposes, however, school districts and county offices of education must address each of the state priorities in their LCAP. Charter schools must address the priorities in Education Code section 52060(d) that apply to the grade levels served, or the nature of the program operated, by the charter school.*

#### **A. Conditions of Learning:**

**Basic:** *degree to which teachers are appropriately assigned pursuant to Education Code section 44258.9, and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials pursuant to Education Code section 60119; and school facilities are maintained in good repair pursuant to Education Code section 17002(d). (Priority 1)*

**Implementation of State Standards:** *implementation of academic content and performance standards and English language development standards adopted by the state board for all pupils, including English learners. (Priority 2)*

**Course access:** *pupil enrollment in a broad course of study that includes all of the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Section 51220, as applicable. (Priority 7)*

**C. Engagement:**

**Parental involvement:** efforts to seek parent input in decision making at the district and each schoolsite, promotion of parent participation in programs for unduplicated pupils and special need subgroups. (Priority 3)

**Pupil engagement:** school attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, high school graduations rates. (Priority 5)

**School climate:** pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, parents and teachers on the sense of safety and school connectedness. (Priority 6)

**Section 1: Stakeholder Engagement**

Meaningful engagement of parents, pupils, and other stakeholders, including those representing the subgroups identified in Education Code section 52052, is critical to the LCAP and budget process. Education Code sections 52060(g), 52062 and 52063 specify the minimum requirements for school districts; Education Code sections 52066(g), 52068 and 52069 specify the minimum requirements for county offices of education, and Education Code section 47606.5 specifies the minimum requirements for charter schools. In addition, Education Code section 48985 specifies the requirements for translation of documents.

**Instructions:** Describe the process used to consult with parents, pupils, school personnel, local bargaining units as applicable, and the community and how this consultation contributed to development of the LCAP or annual update. Note that the LEA's goals, actions, services and expenditures related to the state priority of parental involvement are to be described separately in Section 2. In the annual update boxes, describe the stakeholder involvement process for the review, and describe its impact on, the development of the annual update to LCAP goals, actions, services, and expenditures.

**Guiding Questions:**

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in Education Code section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA’s process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA’s engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to Education Code sections 52062, 52068, and 47606.5, including engagement with representatives of parents and guardians of pupils identified in Education Code section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

<b>Involvement Process</b>	<b>Impact on LCAP</b>
<p>In response to requests to maintain stability in the LCAP process and provide earlier opportunities for input, the Oroville Union High School District created and posted a LCAP Timeline for the year and scheduled three evenings of stakeholder discussions: January 19, February 23 and March 29, 2016 from 6:00 p.m. to 8:00 p.m. in the Oroville High School library. Stakeholders invited included community members, teachers, parents (including parents for students with disabilities and English Learners), students, classified staff, foster youth support providers, the Board of Trustees administration.</p>	<p>As a result of the stakeholder meetings and discussion, the district maintained the three overarching goals and priorities within each goal. Stakeholders were concerned that there is not enough assistance being giving to incoming ninth graders and their parents in developing a four year plan for high school. Stakeholders believed the District should have informational meetings before counselors go out to the middle schools. Stakeholders also believed that maybe recorded information on the website would be helpful for parents that are not available for evening meetings.</p>

<p>The Principals discussed the goals with their staff and solicited input to determine how their site would meet each goal. Staff discussed needs, challenges and what is working well within each department and at the school. The Superintendent met with ASB students at OHS School (OHS) and Las Plumas High School (LPHS) once each semester to solicit input on their priorities. The Superintendent and Board Members met with students at Prospect High (PHS) during the annual Board tour to solicit input on their priorities.</p> <p>District English Language Advisory Committee met with parents of English Learners on April 26, 2016 to review the proposed LCAP and gather their feedback and input.</p> <p>The LCAP was discussed with bargaining groups throughout the negotiations process at several points throughout the school year. Drafts of the LCAP were posted on the District’s website for stakeholder review.</p>	<p>For 2016-17, the district will work to refine professional development (PD) that is offered to staff and the ways in which those are organized. A staff survey administered by site administration will be used to provide future PD events and capacity within the staff will be developed to provide in-house PD or collaboration.</p> <p>Interventions available for students will continue to be refined and provided for students in all areas of their needs. An increase in opportunities will be made available for students to make-up credits or improve upon academic skills.</p> <p>At the OUHSD DELAC meeting, the stakeholder group believed that the District should evaluate the reclassification process for students due to CAHSEE being suspended. DELAC also thought the District should have a reclassification celebration for students and their families at the end of the school year.</p>
<p><b>Annual Update:</b> To complete the annual review, the district discussed the annual review during the stakeholder meetings on January 19<sup>th</sup> and February 23<sup>rd</sup>. Stakeholders invited to these meetings included Parent Advisory, DELAC, students, instructional staff, support staff, bargaining units and representatives from the board. Information provided included a review of student performance on a variety of academic measures, attendance, discipline, course data and student completion information.</p> <p>In addition to formal stakeholder meetings, district administration met with student groups during the school day at each school to gather their feedback. Discussion of the annual review occurred at both the January 19<sup>th</sup> and February 23<sup>rd</sup> stakeholder meetings, as described above.</p>	<p><b>Annual Update:</b> Input from the stakeholders drove the amendments made to the 2016-17 LCAP. Amendments included continued focus on identified goals to focus actions on those key areas. After reviewing the data in the areas of attendance, graduation rates, academic performance data (AP tests, CAASP data) and the number of students completing A-G requirements, it was determined that the District should focus on assisting students to develop a four-year high school plan when they enter the Oroville Union High School District as ninth graders.</p>

**Section 2: Goals, Actions, Expenditures, and Progress Indicators**

**Instructions:**

All LEAs must complete the LCAP and Annual Update Template each year. The LCAP is a three-year plan for the upcoming school year and the two years that follow. In this way, the program and goals contained in the LCAP align with the term of a school district and county office of education budget and multiyear budget projections. The Annual Update section of the template reviews progress made for each stated goal in the school year that is coming to a close, assesses the effectiveness of actions and services provided, and describes the changes made in the LCAP for the next three years that are based on this review and assessment.

Charter schools may adjust the table below to align with the term of the charter school’s budget that is submitted to the school’s authorizer pursuant to Education Code section 47604.33.

For school districts, Education Code sections 52060 and 52061, for county offices of education, Education Code sections 52066 and 52067, and for charter schools, Education Code section 47606.5 require(s) the LCAP to include a description of the annual goals, for all pupils and each subgroup of pupils, to be achieved for each state priority as defined in 5 CCR 15495(i) and any local priorities; a description of the specific actions an LEA will take to meet the identified goals; a description of the expenditures required to implement the specific actions; and an annual update to include a review of progress towards the goals and describe any changes to the goals.

To facilitate alignment between the LCAP and school plans, the LCAP shall identify and incorporate school-specific goals related to the state and local priorities from the school plans submitted pursuant to Education Code section 64001. Furthermore, the LCAP should be shared with, and input requested from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, pupil advisory groups, etc.) to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet the goal.

**Using the following instructions and guiding questions, complete a goal table (see below) for each of the LEA’s goals. Duplicate and expand the fields as necessary.**

9/15/16

**Goal:** Describe the goal:

When completing the goal tables, include goals for all pupils and specific goals for school sites and specific subgroups, including pupils with disabilities, both at the LEA level and, where applicable, at the schoolsite level. The LEA may identify which school sites and subgroups have the same goals, and group and describe those goals together. The LEA may also indicate those goals that are not applicable to a specific subgroup or schoolsite.

**Related State and/or Local Priorities:** Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as defined in 5 CCR 15495(i), and any additional local priorities; however, one goal may address multiple priorities.

**Identified Need:** Describe the need(s) identified by the LEA that this goal addresses, including a description of the supporting data used to identify the need(s).

**Schools:** Identify the school sites to which the goal applies. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5).

**Applicable Pupil Subgroups:** Identify the pupil subgroups as defined in Education Code section 52052 to which the goal applies, or indicate “all” for all pupils.

**Expected Annual Measurable Outcomes:** For each LCAP year, identify and describe specific expected measurable outcomes for all pupils using, at minimum, the applicable required metrics for the related state priorities. Where applicable, include descriptions of specific expected measurable outcomes for school sites and specific subgroups, including pupils with disabilities, both at the LEA level and at the schoolsite level.

The metrics used to describe the expected measurable outcomes may be quantitative or qualitative, although the goal tables must address all required metrics for every state priority in each LCAP year. The required metrics are the specified measures and objectives for each state priority as set forth in Education Code sections 52060(d) and 52066(d). For the pupil engagement priority metrics, LEAs must calculate the rates specified in Education Code sections 52060(d)(5)(B), (C), (D) and (E) as described in the Local Control Accountability Plan and Annual Update Template Appendix, sections (a) through (d).

**Actions/Services:** For each LCAP year, identify all annual actions to be performed and services provided to meet the described goal. Actions may describe a group of services that are implemented to achieve the identified goal.

**Scope of Service:** Describe the scope of each action/service by identifying the school sites covered. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5). If supplemental and concentration funds are used to support the action/service, the LEA must identify if the scope of service is districtwide, schoolwide, countywide, or charterwide.

**Pupils to be served within identified scope of service:** For each action/service, identify the pupils to be served within the identified scope of service. If the action to be performed or the service to be provided is for all pupils, place a check mark next to “ALL.”

For each action and/or service to be provided above what is being provided for all pupils, place a check mark next to the applicable unduplicated pupil subgroup(s) and/or other pupil subgroup(s) that will benefit from the additional action, and/or will receive the additional service. Identify, as applicable, additional actions and services for unduplicated pupil subgroup(s) as defined in Education Code section 42238.01, pupils redesignated fluent English proficient, and/or pupils subgroup(s) as defined in Education Code section 52052.

**Budgeted Expenditures:** For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA’s budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by Education Code sections 52061, 52067, and 47606.5.

**Guiding Questions:**

- 1) What are the LEA’s goal(s) to address state priorities related to “Conditions of Learning”?
- 2) What are the LEA’s goal(s) to address state priorities related to “Pupil Outcomes”?
- 3) What are the LEA’s goal(s) to address state priorities related to parent and pupil “Engagement” (e.g., parent involvement, pupil engagement, and school climate)?
- 4) What are the LEA’s goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual school sites been evaluated to inform the development of meaningful district and/or individual schoolsite goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in Education Code sections 42238.01 and subgroups as defined in section 52052 that are different from the LEA’s goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?

9/15/16

- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual school sites?
- 10) What information was considered/reviewed for subgroups identified in Education Code section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to Education Code section 52052, to specific school sites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?

Expected Annual Measurable Outcomes:

OUHSD will continue to have 100% of their schools in good repair as mandated by Williams Act requirements. The District will use a needs assessment to gather data on the areas of Professional Development needs. 100% of district teachers and staff are appropriately assigned and credentialed. 100% of classrooms will have sufficient instructional materials as mandated by Williams Act requirements. All core academic classes will provide instruction with lessons that infuse the Common Core State Standards in order to increase student achievement, as measured by administrative walk-throughs and a 1.5% reduction in number of students receiving a D or F on semester grades. All students will have access to courses with their general education peers, regardless of English language fluency, foster youth/homelessness status or disability, as demonstrated in the master schedule.

**LCAP Year 3: 2018-19**

**Expected Annual Measurable Outcomes:**

Increase feeling of safety as measured by California Healthy Kids Survey. Reduce suspension rates by 2% and expulsion rates by 2%. Increase opportunities for students to be involved in a variety of extra-curricular or co-curricular activities. Increase attendance rates at the comprehensive high schools from (LPHS-94.28% and OHS-94.92%) to 95%. Increase attendance rates in alternative and special education programs from 83.92% to 85%. Decrease chronic absenteeism by focusing on the barriers to attending school and reducing period absences. Decrease dropout rates from 4% to 3%. Increase graduation rates by 1% at each site (OHS-94.3%, LPHS- 90% and Prospect-87%). Students will be engaged in learning, as reflected by the increase in graduation rates. All students will have access to all courses, regardless of special status or circumstance, as demonstrated in the master schedule. OUHSD will improve parent and family connectivity by providing opportunities for parents and families to participate in school activities by 1% as measured by sign in sheets at school events and meetings. District will post videos of meetings on the website for parents unable to attend meetings. OUHSD will increase student performance in ELA and math as measured by performance on the California Assessment of Student Performance and Progress (CAASPP). Our goal is to increase ELA proficiency as measured by CAASPP by 1% and increase math proficiency as measured by CAASPP by 2%.

## Annual Update

**Annual Update Instructions:** For each goal in the prior year LCAP, review the progress toward the expected annual outcome(s) based on, at a minimum, the required metrics pursuant to Education Code sections 52060 and 52066. The review must include an assessment of the effectiveness of the specific actions. Describe any changes to the actions or goals the LEA will take as a result of the review and assessment. In addition, review the applicability of each goal in the LCAP.

### Guiding Questions:

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to Education Code section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific school sites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

All core academic classes will provide instruction with lessons that infuse the Common Core State Standards in order to increase student achievement, as measured by administrative walk-throughs and a 5% reduction in number of students receiving a D or F on semester grades. All students will have access to courses with their general education peers, regardless of English language fluency, foster youth/homelessness status or disability, as demonstrated in the master schedule.</p>		<p>Actual Annual Measurable Outcomes:</p> <p>100% of schools continue to be in good repair as mandated by the Williams Act requirements. **Section 3: Use of Supplemental and Concentration Grant funds and Proportionality**

- A. In the box below, identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner pupils as determined pursuant to 5 CCR 15496(a)(5).

Describe how the LEA is expending these funds in the LCAP year. Include a description of, and justification for, the use of any funds in a districtwide, schoolwide, countywide, or charterwide manner as specified in 5 CCR 15496.

For school districts with below 55 percent of enrollment of unduplicated pupils in the district or below 40 percent of enrollment of unduplicated pupils at a schoolsite in the LCAP year, when using supplemental and concentration funds in a districtwide or schoolwide manner, the school district must additionally describe how the services provided are the most effective use of funds to meet the district’s goals for unduplicated pupils in the state and any local priority areas. (See 5 CCR 15496(b) for guidance.)

Total amount of Supplemental and Concentration grant funds calculated:	<u>\$ 3,451,249</u>
<p>The targeted supplemental and concentration funding for the Oroville Union High School District is \$3,451,249. We plan to meet our expenditure requirement through a combination of increased and improved services. Increased services includes expanded library hours, increased software in libraries, instructional coaching for English Learner Development sections, bilingual para-educator support, math and English/Language Arts intervention sections, extended day for continuation high school students, MAP diagnostic assessments, extra and co-curricular activities, use of technology to increase parent involvement, positive attendance incentives, home-to-school transportation, Saturday School attendance recovery options, increased campus supervision, in-school suspension to keep students on campus, increased section allocation of funds to provide for increased opportunities, increased enrollment in College Connections Program and increased number of college tours/activities. Improved services include services provided above our core instructional program. These include: improving quality of technology available to staff and students, continue improving quality of ELD Instruction, improve quality of interventions available in Math and ELA, improve quality of nutritious meals for students, improve instruction in CTE courses for rigor and industry standards, and improve four-year planning for students college/career activities. The percentage of unduplicated pupils is 68.36%. For this reason, district-wide increased and improved services will be the most effective method of delivering services to students.</p>

- B. In the box below, identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all pupils in the LCAP year as calculated pursuant to 5 CCR 15496(a).

Consistent with the requirements of 5 CCR 15496, demonstrate how the services provided in the LCAP year for low income pupils, foster youth, and English learners provide for increased or improved services for these pupils in proportion to the increase in funding provided for such pupils in that year as calculated pursuant to 5 CCR 15496(a)(7). An LEA shall describe how the proportionality percentage is met using a quantitative and/or qualitative description of the increased and/or improved services for unduplicated pupils as compared to the services provided to all pupils.

19.88	%
-------	---

The District's MPP is 19.88 %  
Since we have over 65% unduplicated count, our programs and services are designed to benefit all students. The district will work to provide intervention services for students who are English Learners, Foster Youth or socio-economically disadvantaged, as well as those students who have been identified as struggling in academic courses or not meeting grade-level standards.
